

AMENDMENTS

Please amend the above-identified application as follows:

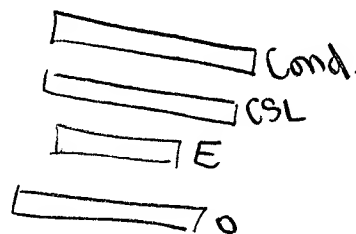

In the Claims

In accordance with 37 C.F.R. § 1.121, please substitute the following clean copy text for the pending claims of the same number:

1 1. (Twice Amended) An organic light emitting device, comprising:
2 an electrode;
3 a conductive current self-limiting structure adjacent said electrode; and
4 an organic stack located adjacent said electrode.

1 10. (Twice Amended) A method for increasing the reliability of an organic
2 light emitting device, comprising the steps of:
3 forming an organic light emitting device; and
4 incorporating a conductive current self-limiting structure within said
5 organic light emitting device.

1 15. (Once Amended) An organic light emitting device, comprising:
2 an electrode;
3 a conductive current self-limiting structure adjacent said electrode; and
4 an organic stack located adjacent said electrode.

04

1 24. (Once Amended) A method for increasing the reliability of an organic
2 light emitting device, comprising the steps of:
3 forming an organic light emitting device; and
4 incorporating a conductive current self-limiting structure within said
5 organic light emitting device.
